

We are looking for team players with expertise:

SAP BW/BO Consultant (m/f)

Role responsibility:

You are responsible for your own projects and are involved in each project step. Including:

- create an overview of user specifications
- transfer these specifications into a suitable data model
- define the project phases by means of the systems' landscape architecture.

During the implementation, the testing phase as well as the go-live, it is your duty to build a solid client relationship – which is based on your excellent technical know-how and your outstanding social skills.

You will work together with the team in Germany as well as with the team in Romania. Together, new applications are being developed to meet client expectations.

Role responsibility:

- You make sure that user specifications match the company strategy and the technical framing for SAP BW.
- You carry out client workshops to identify expectations around finance, sales etc.
- You develop solutions with IT colleagues for specific issues in order to ensure that existing technologies and systems work properly.
- You are actively integrated in the design, analysis as well as the development of the SAP BW data flow.
- You conduct feasibility studies to validate concepts and to identify business advantages.
- You ensure a controlled implementation of high quality, according to current implementation standards and best practices in SAP BW.

The ideal candidate:

- Experience with application design and development with SAP BW
- Know-how of SAP frontend reporting and backend
- Experience with ABAP or ABAP OO is a prerequisite to create extractors, routines, update rules, variable user rights etc.

- Knowledge of minimum two frontend tools like Bex, WAD, portal, Crystal Reports, Webl, Dashboard Designer etc.
- Know-how of SAP BW planning applications are also of advantage
- To know how Web Dynpro User Interface is working is a plus
- You know about project planning and time management
- You have strong communication skills and have a strong ability to work in a team and together with clients
- You think and act very customer-oriented
- You have excellent English language skills.

This is what you get

We are a young and innovative team that lets the future happen today. We do not only work by high professional standards and a lot of expertise but also with high commitment and much zeal. Employee loyalty is our first priority. Thus, we measure our business success not only with a high customer satisfaction but first of all with high commitment from our employees. We know that they are the backbone of our success. That is why we focus on a value-based and client-orientated corporate culture that is built on confidence.

We also offer state-of-the-art IT equipment, a company car and adequate company pension. Moreover, our employees participate medium and long-term on the company's growth. The legal form as German stock corporation (Aktiengesellschaft) was carefully chosen for this reason.

Interested? We are looking forward to meet you! Please send us your application via E-Mail to karriere@inspiricon.de.

RUN BETTER. RUN DIFFERENT.
