

"The workshop on SAP BI strategy and migration paths to BW/4HANA with Inspiricon AG far exceeded our expectations. The workshop was held very professional and helped us in many points. There were a lot of new things to work on. Nevertheless, the fun was not neglected - from the beginning the chemistry was right and we are very happy to have Inspiricon as a local partner in Freiburg."

Michael Winterhalder Head IT – Global Business Applications, Testo SE & Co. KGaA
